The 2nd Transnational Meeting of the project SELCERT: Skills Development and Certification for Trainers of Synchronous Electronic Learning, coordinated by EURO-IDEA and hosted by ASNOR, took place in Bari, Italy on the 4th and 5th of April 2023. The meeting was hybrid since M.M.C, CCC, FU, ASNOR, and EURO-IDEA participated physically whereas DIMITRA, and OMEGATECH connected through Zoom. During these two days of meeting, all participating partners contributed to the smooth execution of the meeting.

The first day of the meeting started with a welcoming note from the project's coordinator, EURO-IDEA, and then a discussion around the interim report and indicators was held. Also, the partners brought to attention some clarifications regarding the dissemination of the project. Additionally, FU, as the leading organisation of Quality Assurance, presented its approach to quality assurance by demonstrating the tools, the qualitative and quantitative indicators, the evaluation reports, etc. Just before the end of the first day's meeting, MMC presented the focus group reports that were followed by the introduction of the Qualification Framework.
